In descriptive writing style, the author focuses on describing an event, a character or a place in detail.

Sometimes, descriptive writing style is poetic in nature in, where the author specifies an event, an object, or a thing rather than merely giving information about an event that has happened.

A character is an individual (usually a person) in a narrative in a work of fiction or creative nonfiction. The act or method of creating a character in writing is known as characterization. In British author E.M. Forster's 1927 "Aspects of the Novel," Forster made a broad yet worthwhile distinction between flat and round characters.
