George Washington Spymaster How The

George Washington, Spymaster: We think of George Washington as a planter, surveyor, general and president. Seldom do we think of him as a spymaster. Yet in the Revolutionary War, he recruited spies, taught them code and supervised their efforts. At times during the war, spies were as important as or almost as important as the armies.

Spying and Espionage · George Washington's Mount Vernon

Contemporaries regarded George Washington as "first in war, first in peace, and first in the hearts of his countrymen." He also was first in the early history of American intelligence. The image of Washington as spymaster contrasts vividly with textbook portrayals of him as "the Father of Our Country," but the two roles are historically connected.

A Look Back ... George Washington — Central Intelligence Agency

Under the orders of General George Washington, Major Benjamin Tallmadge organized the Culper Spy Ring in 1778 to gather information on British troop movements, fortifications, and military plans in the New York area. Informants used fake names and a numerical code book consisting of seven hundred and sixty-three numbers representing words, names, and places to communicate their information.
