They can't even stomach August in New York. I get that they don't want to stay in the embattled epicenter of a global contagion. And by they, of course, I mean me.

Don't Even Think About Leaving New York City - The Atlantic

Don't Even Think is a survival game with the core of multilateral asymmetric confrontation. Players will experience a strong tension from the pressure of survival, as well as the newly-defined 'escape' and 'kill'. When being involved in a tight game, it is absolutely never wise to fight alone. Proper cooperation always create unexpected results. Collecting information, analyzing and implementing strategy is also the key to be a winner.

The COVID-19 crisis hit airline workers with speed and devastation. Passenger flow through TSA checkpoints fell 97 percent in March compared to a year earlier. In the months since, travel demand has only barely recovered, to 20 percent of a year ago. Flight attendants know from hard experience the volatility of the airline industry and the harsh impact a crisis can have on airline workers. And ...
