“Hishuk’ish tsawaak.” In the eponymous language of the Nuu-chah-nulth—14 First Nations from the west coast of Vancouver Island—the philosophy behind this saying asserts that “everything is one.” Passed down from generation to generation, the phrase is exemplary of the culturally rich oral traditions and histories of the Indigenous peoples of British Columbia—a unique province ...

Paula Amos on Indigenous Tourism and the Persistence of ...

Persistence is important in developing pre-school children’s ego control. Based on the fact that during the teaching process a teacher’s communication and actions will have a significant influence on young children, which is due to the teachers’ high degree of control over them, four experiments were designed to probe the influences of teachers’ attitudes and oral guidance on the development of persistence among infant students.
